We welcome all who are interested including pregnant couples, parents of special needs and typically developing children, grandparents and friends. Ms. Habakus, founder of Life Health Choices, lectures statewide on parent vaccine choices and informed consent. Active and informed decision making begins with an open mind to the facts, mutual respect and acknowledgement that these are difficult choices. The agenda includes vaccine safety and efficacy, conflicts of interest, exemptions, Gardasil and NJ's four new mandated shots including the flu vaccine.

Life Health Choices is dedicated to improving lives and creating change through informed choices of all kinds. Parent Vaccine Choices is the first in a series of health empowerment lectures offered statewide. Sponsorship opportunities available.
