

ARE VACCINES SAFE?

What's in a vaccine? What studies have been done?

How many shots do kids get today?

What do we know about all these sick kids?

What's the difference...recommended vs. mandated vaccines?

What are the state-level exemptions?

What about Gardasil® and the swine flu vaccine?

CHOICES**
www.LifeHealthChoices.com

Louise Kuo Habakus, founder of Life Health Choices, lectures statewide on parent vaccine choices and informed consent. Life Health Choices is dedicated to improving lives and creating change through informed choices of all kinds. Parent Vaccine Choices is the first in a series of health empowerment lectures offered statewide. Sponsorship opportunities available.

Presented by: Donna Ward, Chairman, Concerned Citizens of South Jersey
