IZFNA warmly welcomes the community. Men and women must wear pants (or skirts) long enough to completely cover the legs. Scarves are offered for women to cover the head, or you may bring your own. Shoes must be removed before entering the mosque. [www.izfna.org](http://www.izfna.org)

We welcome all who are interested including pregnant couples, parents of special needs and typically developing children, grandparents and friends. Ms. Habakus, founder of Life Health Choices, lectures statewide on parent vaccine choices and informed consent. Informed decision making begins with an open mind to the facts, mutual respect and acknowledgement that these are difficult choices. **The agenda includes swine and seasonal flu, vaccine safety and efficacy, conflicts of interest, exemptions, and Gardasil.**

Life Health Choices is dedicated to building community and creating change through informed choices affecting our lives and our health. Parent Vaccine Choices is the first in a series of health empowerment lectures offered statewide. Sponsorship opportunities available.
